Adding A YouTube Video To A Content Editor

Faculty can add audio and video files, such as Flash, QuickTime, and Windows Media, to any content item or question that has a text editor. Use the Mashup tool to add YouTube videos.

1. Make sure the **Edit Mode** is **ON**.

2. In the content editor, click the down arrow at the far right to display the toolbars.

3. On the bottom toolbar, click the **Mashups** button to add media in the content area or edit an existing media item.

4. Select **YouTube Video**.
