

COMMIT TO A PROJECT

Recipe for a Manuscript

Subtitled: The Ultimate Academic Mad Libs

Title

< keyword or metaphor > : < descriptive text > in < subject population >

Introduction

PROBLEM

.

GAP

However, what is still lacking in the literature is

PURPOSE

Therefore, the purpose of our work was to

Methods

Choose a set of sub-headers to use:

<input type="checkbox"/> Participant-based	<input type="checkbox"/> Activity-based	<input type="checkbox"/> Research
Learners Facilitators Data collection Analysis	Curricular setting Pework Teaching Activity Assessment Program evaluation	Study design Subject population Intervention Data collection Analytic approach

Check all of these:

- I agree to use the first person, active voice.
- I agree to use the past tense.
- I agree to use the same term for all the components, avoiding synonyms.

- I agree to use fancified terms that make me sound like an erudite educator.

Results

- I agree not to put any pie charts into my paper.
- My plan for my tables/figures:

Discussion

P1: SUMMARY STATEMENT

In this < study design > of < subjects >, we found that

P2: EXPLANATION OF THE FINDINGS

Our finding that < result > is likely explained by .

P3: COMPARISON TO PRIOR LITERATURE

Our findings are consistent with previous studies in that .

P4: LIMITATIONS

Our study was limited by

P5: IMPLICATIONS

Our findings can be used to

Future studies should be directed towards

TIME MANAGEMENT

For the next month I will try
