Dear Ms. Scales:

This letter is to confirm the approval of continuing education credits for the Regularly Scheduled Series (RSS) listed above for the 2026-2027 academic year, beginning July 1, 2026 and ending June 30, 2027.

In order to retain accreditation for this series, there must be no unresolved compliance issues throughout the year.

Session Reports must be entered into CloudCME **5 business days** before each session for a compliance review. After the review is complete and all items meet compliance standards, you will receive a code to use for attendance recording. The ability to award credits to your participants depends on the submission of this form and documentation prior to the session. If the activity is found to be non-complaint, you will be notified and everything must be brought into compliance before you will receive the attendance code.

If you have any questions about our requirements, or if changes in your administrative role occur during this academic year, please email us or contact our office at (501) 661-7962.

Sincerely,
